About the COMPANY

Kohinoor Chemical Company (Bangladesh) Limited (KCCL) is the oldest and largest national Soap, Cosmetics and Toiletries manufacturer and marketer of Bangladesh. KCCL started its business in 1956. After the independence of Bangladesh, KCCL became a fully government owned company under the direct control of Bangladesh Chemical Industries Corporation (BCIC) up to May 05, 1988. A few of the employees, who had been laid off during the liberation war, were re-absorbed in the company. It was transformed into a Public Limited Company under Companies Act 1913 and was named as Kohinoor Chemical Company (Bangladesh) Limited from May 05, 1988.

Kohinoor Chemical Company (Bangladesh) Ltd. was acquired by the present entrepreneurs on August 03, 1993 as part of the government privatization policy. The management of KCCL subsequently completed an arduous BMRE program with the technical collaboration of a reputed industrial conglomerate of Europe. Since then, the company has accelerated its journey towards perfection, overcoming all hurdles with wisdom, dedication, hard-work and honesty of the entrepreneurs and employees.

This enabled the enterprise to become a repositioned cosmetics and toiletries manufacturing company of Bangladesh with the most advanced technology. KCCL holds the largest market share in soap, cosmetics and toiletries industry amongst the national companies, primarily due to its highly-focused customer orientation.

This Public Limited Company is listed with both the bourses of Bangladesh, the Dhaka Stock Exchange Limited and the Chittagong Stock Exchange Limited.

Most of the products of KCCL are known by the legendary brand name Tibet. The company started production with Tibet Snow in 1956. Subsequently other renowned brands like Tibet Pomade, Tibet 570, Tibet Ball, Tibet Kodur Tel etc. were launched. A number of its other brands, such as Sandalina, Genstar, Bactrol, Ice Cool, Xpert and Clean Master are equally famous in Bangladesh.

Business Ethics & Code of Conduct

Business ethics are moral principles that guide the way a business behaves and a code of ethics specifies the ethical rules of operation. It is applicable from members of the Board of Directors to all employees of Kohinoor Chemical Company (Bangladesh) Limited. Ethics in the workplace sensitizes employees to how they should act and helps ensure that when leaders and managers are struggling in times of crises and confusion, they retain a strong moral compass.

In Compliance with the new Corporate Governance Code imposed by BSEC, the existing code of conduct for the Board members including the Chairman and the Managing Director/Chief Executive Officer of the company is under review of the newly formed Nomination & Remuneration Committee to conform to the above mentioned Corporate Governanc Code. After finalizing of the said code of conduct, the same shall be posted as on the website of the company.

Compliance with laws, rules & regulations

Complying with the prevailing laws, rules and regulations and being in conformity with social norms are the basics of our business. Nationally and internationally where ever we do business we obey the relevant laws and regulations and avoid any action that can discredit the company.

Accountable & responsible

We take full responsibility for all our business decisions, actions and conduct and we are accountable to the stakeholders. Our accountability and responsibility show the most effective way to achieve high standards.

Keeping and showing accurate data

The business information that we work with is vital to our success. We keep the data in a well-organized and easily accessible manner so that it can give us important knowledge for prudent business decisions, playing a crucial role in business growth strategies and financial reporting. We must use all of this information wisely and carefully to get the best value from it.

Protection of data and assets

Information is vital asset of a company. Information and data which is not in the public domain is considered confidential and proprietary information. Again our customers, suppliers and others also may share their confidential and proprietary information with us. We have the duty to properly use and safeguard business information belonging to and shared with the company. Again we are conscious and committed about other assets of our company to protect these from misappropriation, loss and destruction.

Business integrity and honesty

Integrity and honesty are playing key roles to building a strong, solid and successful business. We act in truthful manner both in our communication and conduct. We demonstrate these in our every step and avoid taking any action that may be questionable.

Respect people and uphold their interest

People are the greatest asset if can be utilized properly. They provide new ideas and concept that can be given practical form. So we maintain our workplace a comfort zone where employees feel valued and respected. We do not engage in any conduct that could be considered as disrespectful, harassing, intimidating and aggressive.

Best sales and marketing practices

We believe in fair competition and avoid unhealthy rivalry with competitors which might lead to any unethical conduct. We disclose accurate and true information of our products. Marketing and promotion are carried out for the well-being of the society.

Quality, Hygiene and Environment

Kohinoor Chemical Company (Bangladesh) Limited (KCCL) has not only emerged as a potent industrial entity, but also represents the brand of the mass people. For maintaining the standard quality of our Cosmetics and Toiletries products, we follow BSTI (Bangladesh Standard Testing Institute) rules and regulations. Side by side, we take care of incoming raw materials and check whether they are manufactured in internationally recognized and standard organizations who follow ISO, FDA, and HACCP etc.

Besides, for maintaining good quality products, we keep contact with various internationally reputed organizations and take necessary supports if required. Furthermore, Quality control Dept. inspects the standard operating procedures (SOP) by regular floor monitoring during Cosmetics & Toiletries items production in different sections. At the same time, the management has revamped the Research & Development and the Quality Control departments to attain greater degrees of excellence for all the products, batch by batch, piece by piece.

Quality Control Department carries on Research & Development (R&D) works where various experiments and trial batches are carried out to develop existing products and new products. The Quality Control and R&D units have a highly equipped sophisticated laboratory to perform all sorts of parameter testing for the raw materials consumed and finished goods produced in this facility. It performs tasks such as Pre-Production Testing, Production Monitoring and Development of new products.

Large numbers of cleaners are working for cleaning the office and factory premises. Officers and workers always use factory shoes, aprons, caps, masks, hand gloves, goggles on manufacturing floors. All our machineries are eco-friendly. We do not use any hazardous chemicals. Natural gas is used as fuel in generator and boiler. We recycle water in production purpose. Steam is used in production instead of open fire for heat generation. Rooftops of factory and office buildings are used for gardening.

Nurturing our Human Resources

Kohinoor Chemical Company (Bangladesh) Limited (KCCL) was acquired by the present management on August 03, 1993 as part of the government's privatization policy. The company has been very cognizant regarding abiding by the Statutory Rules & Regulations when formulating the company as well as the Human Resource Policy, also taking into consideration the macroeconomic factors such as inflation, standard of living and national economic policies. This can be reflected in the company's policy and other courses of action when the present management welcomed the employees recruited by BCIC to continue work at their previously set wages and benefits, which were better in comparison to the wages and benefits that were set by the company after the privatization took place.

As the number of employees recruited by BCIC have reduced significantly due to retirement and the remaining are about to follow them, at present the management has decided to establish a single set of rules and regulation for all the employees with a few exceptions. The company decided to treat all employees equally and bring them all on the same platform, which has proved to be a significant gain for all.

Human Resource policies help implement a consistent approach to management. KCCL has a fair and unbiased HR Policy. The company is committed for establishing equal employee opportunity for its valued employees. We strictly maintain an equal and diverse work place free from gender, age or race discrimination, hostility, and any kind of harassment with respect to religion, ethnicity, sexual orientation, or minority. There is a proper balance of discipline

and flexibility. The employees are encouraged to concentrate on the norms, values and customs of KCCL and they are always motivated due to the interesting and friendly working environment.

Our human resource management always works with the responsibility of adding value to our success and without ethical HR practice the success is not achievable in true sense. KCCL is always committed to provide a workplace where employees remain motivated and engaged because only engaged and motivated employees are capable of giving their full capability. Every year 5/6 workers are sponsored by the company to perform Holy Hajj at Saudi Arabia and iftar in the month of Ramadan is provided for free to all workers, staffs and officers of the company.

KCCL also provides donation for medical treatment, marriage ceremony and education of dependents of the employees. Other than these benefits, everyday a subsidized cafeteria is run for both breakfast and lunch to facilitate approximately 1600 workers and staffs. The company's recruitment process is a standard way to find out the right person for the right post. We usually receive CVs from time to time and we store them carefully in data box. Networking and referencing is another approach that we follow to get trustworthy people. After getting job applications or CVs, we screen and conduct interviews and finally select the candidate who best fits the job profile. KCCL has a comprehensive compensation policy that consists of guaranteed pay, variable pay and benefits. Festival bonuses are provided to all temporary and casual workers who are otherwise not eligible as they are under the labor contractors. Overall KCCL has a structured and profession HR Policy which helps the Company to attain its objectives and goals.

Management Discussion & Analysis

Dear Fellow Shareholders,

Assalamualaikum

On behalf of the management of the company, I would like to welcome you all to the 36th Annual General Meeting of Kohinoor Chemical Company (Bangladesh) Limited. It is an honor for me to present to all of you about the performance of our Company during the financial year 2022-2023.

Economic scenario of the world and the country

The world economy is in the doldrums, with weak economic growth, stubborn inflation and rising interest rates in the major developed economies clouding the near-term economic outlook. Legacy effects of the COVID-19 pandemic, the protracted war in Ukraine, exacerbating effects of climate change are impeding a rebound of global growth. According to the OECD's latest Economic Outlook, the Economic Outlook projects a moderation of global GDP growth in 2023 is 2.7%, followed by a pick-up to 2.9% in 2024.

As per the World Economic Situation and Prospects (WESP) report of United Nations, the world economy is now projected to grow by 2.3 per cent in 2023 (+0.4 percentage points from the January forecast) and 2.5 per cent in 2024 (-0.2 percentage points), a slight uptick in the global growth forecast for 2023. In the United States, resilient household spending has prompted upward revision of growth forecast to 1.1 per cent in 2023. The European Union's economy—driven by lower gas prices and robust consumer spending—is now projected to grow by 0.9 per cent. China's growth this year is now forecast at 5.3 per cent as a result of COVID-19 related restrictions being lifted.

Bangladesh is emerging as a dynamic, fast-growing market. This growth is driven by a large domestic consumer market, a rapidly expanding middle and affluent class, and an impressive digital adoption rate. The country is now home to more than 2,500 startups, with about 200 more being added each year, focusing on a wide range of industries, including financial technology, logistics and mobility, and e-commerce. And there remains a thriving group of traditional companies and conglomerates that have for well over a decade played an important role in domestic and global supply chains for textile, apparel, light manufacturing, and aquaculture.

Buttressing Bangladesh's prospects is its extremely active domestic consumer market, which accounts for nearly 70 percent of GDP and is rapidly expanding due to a growing middle and affluent class. By 2030, this group of well-to-do consumers could encompass more than 34 million Bangladeshis, or about 15% of the population.

Guiding Principles

Dear shareholders, the preparation and presentation of the Financial Statements and the relevant disclosures therein have been made in accordance with the requirements of the Companies Act 1994, the Securities and Exchange Rules 1987, the Listing Regulations of Stock Exchanges as applicable and relevant International Accounting Standards (IASs) and International Financial Reporting Standards (IFRSs) adopted by the Institute of Chartered Accountants of Bangladesh (ICAB).

Company Performance

Now let us take a look at the peer industry scenario and have a comparison with them in regards to our performance. If we look at the industry, we will find that there are many competitors but also see that the productlines of many of the listed companies do not match with those of ours. Only two of the listed Company's productlines match with us and so we can go for comparisons with those two companies; namely Marico Limited and Keya Cosmetics Limited. However, Keya Cosmetics did not publish its financial statements in 2018-19, 2020-21 & 2021-22 so we made comparison with Marico only. Below is the five year's trend of ratios with our peer companies:

Directors' Report

for the year ended June 30, 2023

Dear Shareholders,

The Directors have pleasure in submitting hereunder their report, prepared under section 184 of the Companies Act, 1994, together with the Audited Financial Statements of the company for the year ended June 30, 2023 and Auditors' Report thereon.

INDUSTRY OUTLOOK

Locally produced cosmetics and toiletries products are now playing a significant role that was previously dominated by imports. Most of the products in this sector are common consumer goods which have a large demand in the domestic market. Local manufacturer is able to satisfy most of the local customers by offering quality products with reasonable price. While most of the manufacturers focus primarily on meeting the demands of the local market, some firms have started exporting cosmetics and toiletries products from Bangladesh.

The production and sales scenario of major manufacturers over recent periods suggest that all the major firms including KCCL have experienced steady growth. The demand for cosmetic and personal care products is now huge and these types of products are increasingly becoming essentials for people belonging to all classes in society.

KCCL is working really hard to build consumer trust through producing good quality products and competes with two leading brands Unilever Bangladesh Ltd and Square Toiletries Limited. KCCL is the market leader among all the local companies and has been successfully competing with one multinational brand, Unilever Bangladesh Ltd. Since most of the people of Bangladesh live in rural area and the majority of them belong to lower income class, KCCL aims at serving these lower income customers relentlessly keeping the nation's economic condition in mind through door to door marketing network.

Independent Auditors' Report

To the Shareholders of Kohinoor Chemical Company (Bangladesh) Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **Kohinoor Chemical Company (Bangladesh) Limited** (the company) which comprise the statement of financial position as at June 30, 2023, the Statement of Profit or Loss and Other Comprehensive Income, Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at June 30, 2023, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs), the company act 1994, and other applicable law and regulations.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Bangladesh, and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter:

1. We draw attention to Note number 25 of these financial statements the balance of unclaimed dividend as of June 30, 2023 was Tk. 14,495,776, but balance of designate bank account for dividend disbursement is Tk. 12,956,551.
2. With reference to the note number 23.1 (Bangladesh workers welfare foundation) of the financial statements that describes Tk. 3,488,319 regarding payable to Bangladesh workers welfare foundation was not yet transferred to the foundation as of June 30, 2023.
3. We draw attention to the note no. 25 which describes that the unclaimed dividend of Tk. 1,842,381 older than three years. According to BSEC directive no. BSEC/CBSEC/CMRRC/2021-386/03, dated: 14 January 2021, the company is required to transfer the unclaimed dividend, which is older than three years, to Capital Market Stabilization Fund.

Key Audit Matters

Risk	Our response
<p>Revenue recognition</p> <p>At the year ended, the company's reported total revenue of Tk. 5,357,546,402.</p> <p>Revenue is measured net of trade discount and VAT. Time of revenue recognition is matter. The revenue may overstated for the early recognition of revenue to achieve the desire result.</p>	<p>We have tested the design and operating effectiveness of key controls focusing on the following:</p> <ul style="list-style-type: none"> ☒ Policy of revenue recognition; ☒ Issuance of VAT challan; ☒ Segregation of duties in invoice creation and modification; and ☒ Timing of revenue recognition. <p>Our substantive procedures in relation to the revenue recognition comprises the following:</p> <ul style="list-style-type: none"> ☒ Obtaining supporting documentation for sales transactions recorded either side of year end as well as credit notes issued after the year end date to determine whether revenue was recognized in the correct period; ☒ VAT is correctly dealt with; ☒ Critically assessing manual journals posted to revenue to identify unusual or irregular items; and ☒ Finally assessed the appropriateness and presentation of disclosures against relevant accounting Standards.
<p>Please see the note 27 in the financial statements.</p>	
<p>Valuation of inventory</p> <p>The balance of inventory of the Company at the year-end was Tk. 1,619,031,606 held in the company's warehouse.</p> <p>Inventories are carried at the lower of cost and net realizable value. As a result, the Directors apply judgment in determining the appropriate values for slow-moving or obsolete items.</p>	<p>We challenged the appropriateness of management's assumptions applied in calculating the value of the inventory and related provisions by:</p> <ul style="list-style-type: none"> • evaluating the design and implementation of key inventory controls operating across the Company in respect of inventory management; • to attend the physical inventory counts and reconciling the count results to the inventory listings to test the completeness of data; • to review the inventory costing procedures and methodology; • comparing the net realizable value, obtained through a detailed review of sales subsequent to the year-end, to the cost price of a sample of inventories and comparison to the associated provision to assess whether inventory provisions are complete; • reviewing the historical accuracy of inventory provisioning, and the level of inventory write-offs during the year; and • Challenging the completeness of inventory provisions through assessing actual and forecast sales of inventory lines to assess whether provisions for slow-moving/obsolete stock are valid and complete.

Risk	Our response
Please see the note 7 in the financial statements.	
Measurement and recognition of deferred tax	
The balance of reported deferred tax liability of the company was Tk. 33,635,182 as on June 30, 2023.	We obtained an understanding, evaluated the design and tested the operational effectiveness of the Company's key controls over the recognition and measurement of deferred tax.
The risk for the financial statements is that these provisions may not properly measured for all types of temporary difference as per IAs 12: Income Tax.	We have assessed the appropriateness of the carrying amounts of net asset value as per tax base and accounting base. We have also assessed the rate of deferred for each temporary difference.
Please see the note 19 in this financial statements.	

Other Information

The other information comprises all of the information in the Annual Report other than the financial statements and our auditor's report thereon. We have not been provided the Director's report and other information contained within the annual report except the financial statements to the date of our auditor's report. We expect to obtain the remaining reports of the Annual report after the date of our auditor's report. Management is responsible for the other information.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

Our opinion on the financial statements does not cover other information and we do not express any form of assurance conclusion thereon.

Responsibilities of Management and Those Charged with Governance for the Financial Statements and Internal Controls

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRSs as explained, and for such internal control as management determines is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error. The Companies Act, 1994 require the Management to ensure effective internal audit, internal control and risk management functions of the Company.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- ☒ Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ☒ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- ☒ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- ☒ Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- ☒ Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- ☒ Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the company audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other Legal and Regulatory Requirements

In accordance with the Companies Act 1994 and the Securities and Exchange Rules 1987, we also report the following:

- a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit and made due verification thereof;
- b) in our opinion, proper books of accounts as required by law have been kept by the Company so far as it appeared from our examination of these books;

- c) the statements of financial position and statement of profit and loss and other comprehensive income dealt with by the report are in agreement, with the books of accounts and returns; and
- d) the expenditure incurred was for the purposes of the Company's business.

Kohinoor Chemical Company (Bangladesh) Limited

Notes to the Financial Statements
For the year ended 30 June 2023

1. Legal form of the enterprise

Kohinoor Chemical Company Limited (KCCL) was a fully government owned industry under the direct control of Bangladesh Chemical Industries Corporation (BCIC) up to May 05 1988. It was transformed into a Public Limited Company under Companies Act, 1913 and was named as Kohinoor Chemical Company (Bangladesh) Limited from May 05, 1988. During transformation, its Paid-Up-Capital was determined at Tk. 50,000,000. The Government of the Peoples' Republic of Bangladesh has vested 51% of the share of the company to Bangladesh Chemical Industries Corporation. Out of the remaining 49% shares, 34% of the shares were sold to the public and the balance 15% shares was reserved for sale among the officers, staff and workers. Since these shares remained unsold, those were held in the account of the Government. Later, those 15% shares were handed over to the officers, staff and workers of KCCL on July 20, 1991. Subsequently, the ownership of the said 51% of the shares was transferred from BCIC to the Sponsor Director on 03 August, 1993. The shares of the Company are publicly traded in Dhaka Stock Exchange Ltd. and Chittagong Stock Exchange Ltd.

2.6 Use of estimates and judgments

The preparation of financial statements in conformity with International Financial Reporting Standards requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses and for contingent assets and liabilities that require disclosure, during and at the date of the financial statements.

Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions of accounting estimates are recognized in the year in which the estimate is revised and in any future years affected as required by IAS 8: "Accounting Policies, Changes in Accounting Estimates and Errors".

2.7 Provisions, contingent liabilities and contingent assets

In accordance with the guidelines as prescribed by IAS-37: Provisions, Contingent Liabilities and Contingent Assets, provisions are recognized in the following situations:

- a. when the company has an obligation (legal or constructive) as a result of past events;
- b. when it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and
- c. reliable estimates can be made of the amount of the obligation.

If these conditions are not met, no provision shall be recognized

Contingent liabilities and contingents assets are present or possible obligations or on liabilities or assets, arising from past events and existence of which depends upon the occurrence or non occurrence of one or more uncertain future events which are not within the control of the company or which amount of the obligations cannot be measured with sufficient reliability in accordance with IAS-37.

There is no case filed against the company which is not disclosed which would have been material impact on the financial position of the company. There is no other Contingent Liabilities as on 30 June 2023 except as mentioned in the note 26.

2.8 Segmental reporting

No segmental reporting is applicable for the company as required by IFRS 08: Segment Reporting as the company operates in a single industry segment and within a single geographical segment.

2.9 Events after the reporting year

Events after the reporting year are those events, favorable and unfavorable, that occur between the end of the reporting year and the date when the financial statements are authorized for issue. Two types of events can be identified(a) those that provide evidence of conditions that existed at the end of the reporting year (adjusting events after the reporting year); and (b) those that are indicative of conditions that arose after the reporting year (non-adjusting events after the reporting year) are disclosed in the notes 39.9

2.10 Net profit before tax

Net profit before tax for the year were not materially affected by:

- (a) Transactions of a nature not usually undertaken by the company;
- (b) Circumstances of an exceptional or non-recurring nature;
- (c) Changes of credits relating to prior years; and
- (d) Changes in accounting policies.

2.11 Functional and presentational (Reporting) currency

The financial statements are prepared and presented in Bangladesh Currency (Taka), which is the company's functional currency. All financial information presented have been rounded off to the nearest Taka except where indicated otherwise.

Foreign currency translation

Foreign currency transactions are booked in the functional currency of the company at the exchange rate ruling on the date of transaction. Foreign currency monetary assets and liabilities are retranslated into the functional currency at rates of exchange BDT. 107 at the balance sheet date. Exchange differences are included in the income statement.

2.12 Comparative information and rearrangement thereof

Comparative information has been disclosed in respect of the previous year for all numerical information in the financial Statements and also the narrative and descriptive information when it is relevant for understanding of the current year financial statements. Previous year figure has been re-arranged whenever considered necessary to ensure comparability with the current years presentation as per IAS-8 :“ Accounting Policies, Changes in Accounting Estimates and Errors”

3 Summary of significant accounting policies

The specific accounting policies selected and applied by the company's directors for significant transactions and events that have material effect within the framework of IAS-1 “Presentation of Financial Statements”, in preparation and presentation of financial statements have been consistently applied throughout the year and were also consistent with those used in prior years.

For a proper understanding of the financial statements, these accounting policies are set out below in one place as prescribed by the IAS-1 “Presentation of Financial Statements”. The recommendations of IAS-1 relating the format of financial statements were also taken into full consideration for fair presentation.

3.1 Recognition of tangible fixed assets

These are capitalized at cost of acquisition or valuation and subsequently stated at cost less accumulated depreciation. The cost of acquisition comprises of purchase price, including import duties and non-refundable Taxes and any directly attributable cost of bringing the assets to its working condition for its intended use. Expenditure incurred after the assets have been put into operation, such as repairs and maintenance is normally charged off revenue expenditure in the year in which it is incurred. In situation where it can be clearly demonstrated that expenditure has resulted in an increase in the future economic benefit expected to be obtained from the use of the fixed assets, the expenditure is capitalized as an additional cost of the assets.

On retirement or otherwise disposal of fixed assets, the cost and accumulated depreciation are eliminated and any gain or loss on such disposal is reflected in the income statement which is determined with reference to the net book value of assets and the net sales proceeds.

3.2 Depreciation of tangible fixed assets

Depreciation on all fixed assets except land and land development is computed using the reducing balance method so as to write off the assets over their expected useful life when the related assets are available for use as per managements intention. No depreciation is charged after the date of de-recognition/ disposal of an asset.

After considering the useful life of assets as per IAS-16, the annual depreciation rates have been applied as under which is considered reasonable by the management.

<u>Category of fixed assets</u>	<u>Rate of depreciation (%)</u>
Land and land development	0%
Building	2.5%-10%
Plant and machinery	10%
Vehicles	20%-25%
Furniture and fixture	10%
Office equipment	10%-25%
Other assets	20%

3.3 Impairment of fixed assets

All fixed assets have been reviewed and it was confirmed that no such fixed assets have been impaired during the year and for this reason, no provision has been made for impairment of assets.

3.4 Financial instruments

The Company classifies non-derivative financial assets into the following categories: financial assets at fair value through profit or loss, financial assets at fair value through other comprehensive income and amortised cost.

The Company classifies non-derivative financial liabilities into the other financial liabilities category.

(i) Non-derivative financial assets and financial liabilities – recognition and derecognition

The Company initially recognises loans and receivables and debt securities issued on the date when they are originated. All other financial assets and financial liabilities are initially recognised on the trade date.

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred, or it neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control over the transferred asset. Any interest in such derecognised financial assets that is created or retained by the Company is recognised as a separate asset or liability.

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Company has a legal right to offset the amounts and intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

(ii) Non-derivative financial assets – measurement

Financial assets at fair value through profit or loss

A financial asset is classified as at fair value through profit or loss if it is classified as held-for-trading or is designated as such on initial recognition. Directly attributable transaction costs are recognised in profit or loss as incurred. Financial assets at fair value through profit or loss are measured at fair value and changes therein, including any interest or dividend income, are recognised in profit or loss.

Financial assets at fair value through other comprehensive income

These assets are initially recognised at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, they are measured at fair value and changes therein, other than impairment losses and foreign currency differences on debt instruments are recognised in other comprehensive income (OCI) and accumulated in the fair value reserve. When these assets are derecognised, the gain or loss accumulated in reserve directly transfer to retained earning.

Amortised cost

These assets are initially recognised at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, they are measured at amortised cost using the effective interest method.

(iii) Non-derivative financial liabilities – measurement

Non-derivative financial liabilities are initially recognised at fair value less any directly attributable transaction costs. Subsequent to initial recognition, these liabilities are measured at amortised cost using the effective interest method.

A financial instrument is any contract that gives rise to financial assets and a financial liability or equity instrument of another entity.

Impairment of financial instruments

Financial assets

The company considers evidence of impairment for financial assets at both a specific asset and collective asset level at each reporting date. Financial assets are impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset, and that the loss event had a negative effect on the estimated future cash flows of that asset that can be estimated reliably.

Objective evidence that financial assets are impaired can include default or delinquency by a debtor, indications that a debtor will enter bankruptcy, etc. accordingly, 100% provision is made over the amount outstanding.

Non-financial assets

The carrying amounts of the company's non-financial assets (tangible and intangible) are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated in order to determine the extent of impairment loss (if any).

Impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

3.5 Leases

The company identifying a contract is, or contains, a lease if it conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Control is conveyed where the customer has both the right to direct the identified asset's use and to obtain substantially all the economic benefits from that use.

The right of use asset is initially measured at the amount of the lease liability plus any initial direct costs incurred by the lessee. Adjustments may also be required for lease incentives, payments at or prior to commencement and restoration obligations or similar.

Depreciation have charged on right to use assets on stright line basis over the lease period.

The lease liability is initially measured at the present value of the lease payments payable over the lease term, discounted at the rate implicit in the lease if that can be readily determined. If that rate cannot be readily determined, the lessee shall use their incremental borrowing rate

3.6 Revenue recognition

Revenue arising from the sale of goods should be recognised when all of the following criteria have been satisfied:

- a) the significant risks and rewards of ownership transferred to the buyer.
- b) KCCL retains no control and managerial involvement over the goods sold.
- c) the amount of revenue can be measured reliably.
- d) it is probable that the economic benefits associated with the transaction will flow to the seller.
- e) the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Interest income

For all financial instruments measured at amortised cost and interest-bearing financial assets classified as available-for-sale, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter year, where appropriate, to the net carrying amount of the financial asset or liability. Interest income is included in finance income in the statement of profit or loss.

3.7 Accrued expenses and other payables

Liabilities are recognized for the goods and services received, whether paid or not for those goods and services. Payables are not interest bearing and are stated at their nominal value.

3.8 Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined using weighted average cost method. The cost of finished goods and work in progress comprises raw materials, direct labour, other direct costs and related production overheads. It excludes borrowing costs. Net realisable value is the estimated selling price in the ordinary course of business, less applicable variable selling expenses.

3.9 Cash and cash equivalents

Cash in hand and cash at banks have been considered as Cash and Cash Equivalents for the preparation of these financial statements, which were held and available for use by company without any restriction and there was insignificant risk of changes in value of the same.

3.10 Cash flow statement

Statement of Cash Flows is prepared principally in accordance with IAS-7 "Statement of Cash Flows" and the cash flows from the operating activities have been presented under direct method.

3.11 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial year of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the year in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

During the year ended 30 June 2023, no borrowing costs have been capitalised.

3.12 Related parties disclosures

the company in normal course of business carried out a number of transactions with directors/entities that fall within the definition of related party contained in International Accounting Standard 24: 'Related party disclosures'. The disclosure relating parties have been shown in note -38.2.

3.13 Income-tax expense

Income tax expense recognised at the applicable rate for the company in accordance with IAS 12: Income Taxes, it comprises current and deferred tax. Current tax expense for a year is based on the taxable and deductible amounts that will be shown on the tax return for the current year.

In calculating deferred tax, the amount of the asset or liability is determined on a net basis, using tax rates that have been enacted or substantively enacted by the reporting date and are expected to apply when the deferred tax liabilities/(assets) are settled/(recovered).

3.14 Earnings per share

This has been calculated in compliance with the requirements of IAS 33: Earnings Per Share by dividing the basic earnings by the weighted average number of ordinary shares outstanding during the year.

3.14.1 Basic earnings

This represents earnings for the year attributable to ordinary shareholders. As there was no preference dividend, minority interest or extra ordinary items, the net profit after tax for the year has been considered as fully attributable to the ordinary shareholders.

3.14.2 Diluted earnings per share

For the purpose of calculating diluted earnings per shares, the company adjust profit or loss attributable to each ordinary equity holders, and weighted average number of shares outstanding, for the effects of all dilutive potential ordinary shares. As the company has no dilutive potential ordinary shares during the reporting year, diluted earnings per share has not been calculated.

3.14.3 Weighted average number of ordinary shares outstanding during the year

The basis of computation of number of shares is in line with the provisions of IAS-33 : Earnings Per Share. Therefore, the total number of shares outstanding at the end of the year multiplied by a time weighting factor which is the number of days the specific shares were outstanding as a proportion of total number of days in the year.

4 Risk exposure

4.1 Interest rate risk

Interest rate risk is the risk that Company faces due to unfavorable movements in the interest rates. Changes in the government's monetary policy, along with increased demand for loans/ investments tend to increase the interest rates. Such rises in interest rates mostly affect companies having floating rate loans or companies investing in debt securities.

Management perception

The Company maintains low debt/ equity ratio; and accordingly, adverse impact of interest rate fluctuation is insignificant.

4.2 Exchange rate risk

Exchange rate risk occurs due to changes in exchange rates. As the Company imports materials and equipment from abroad unfavorable volatility or currency fluctuation may affect the profitability of the Company.

Management perception

The products of the company are sold in BDT and import payment are made within sort period. Therefore, volatility of exchange rate will have no impact on profitability of the Company.

4.3 Industry risks

Industry risk refers to the risk of increased competition from foreign and domestic sources leading to lower prices, revenues, profit margin, and market share which could have an adverse impact on the business, financial condition and results of operation.

Management perception

Management is optimistic about growth opportunity in manufacturing and marketing of cosmetic and toiletries sector in Bangladesh. Furthermore there is untapped international market.

4.4 Market risks

Market risk refers to the risk of adverse market conditions affecting the sales and profitability of the company. Mostly, the risk arises from falling demand for the product or service which would harm the performance of the company. On the other hand, strong marketing and brand management would help the company increase their customer base.

Management perception

Management is fully aware of the market risk, and act accordingly. Market for products in Bangladesh is growing at an exponential rate. Moreover the company has a strong marketing and brand management to increase the customer base and customer loyalty.

4.5 Operational risks

Non-availabilities of materials/ equipment/ services may affect the smooth operational activities of The Company. On the other hand, the equipment may face operational and mechanical failures due to natural disasters, terrorist attacks, unforeseen events, lack of supervision and negligence, leading to severe accidents and losses.

Management perception

The company perceives that allocation of its resources properly can reduce this risk factor to greater extent.

4.6 Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at a reasonable price.

Management perception

The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. Typically, management ensures that it has sufficient cash and cash equivalent to meet expected operational expenses, including the servicing of financial obligation through preparation of the cash forecast, prepared based on time line of payment of the financial obligation and accordingly arrange for sufficient liquidity/ fund to make the expected payment within due date.
